Because I live, you will also live.
John 14:19

Don't Forget

I LOVE TO READ-15 MINUTES A DAY
Please send in the Reading Minutes! So far, Tabby, Austin, and Mallory have won the honor of reading to Mrs. Lindbeck. We have had 10 wonderful Guest Readers, and this is our last week, but I am sure we can find a special spot for you, if you are willing to read to the class. We have a total of 2,444 minutes read, for the 3rd week, going towards our grand total of 4,350 minutes. White Bear Bowl, are we coming?

*Our new science unit has us learning about the puffins of Iceland. They are often called "clowns of the sea" and have very interesting life styles. Did you know, that because the islands they now live on with their baby chicks are inhabited, young children go out in their villages at night to rescue the chicks? Many pufflings don't find their way to the sea when they try to leave their burrow for the first time. Some think the lights of the village are moonbeams directing them to the sea, and instead they end up in the city where they face many dangers.

*As multiplication continues, most have now mastered the 2's, 4's, & 5's. We are adding the 3's, 6's, & 7's now. Thanks for practicing at home.

FYI

*The students will be singing at the church services at FLC for Magnuson Sunday, on the 24th, from 8:30-11:30. Please arrive at 8:30 in the music room, and wear our school uniforms. If students are unable to attend, please notify the school.

*The Artist in Residence was here again today, continuing her lesson for the 2nd & 3rd graders on Picasso's cubism period. They have now painted their Picasso piece.

*Just a reminder that we do have a student at our school with a peanut allergy and we must be very careful with our snacks, and what we share.
